

## Perceptual Difficulty - Perceptibility

### Stimuli check

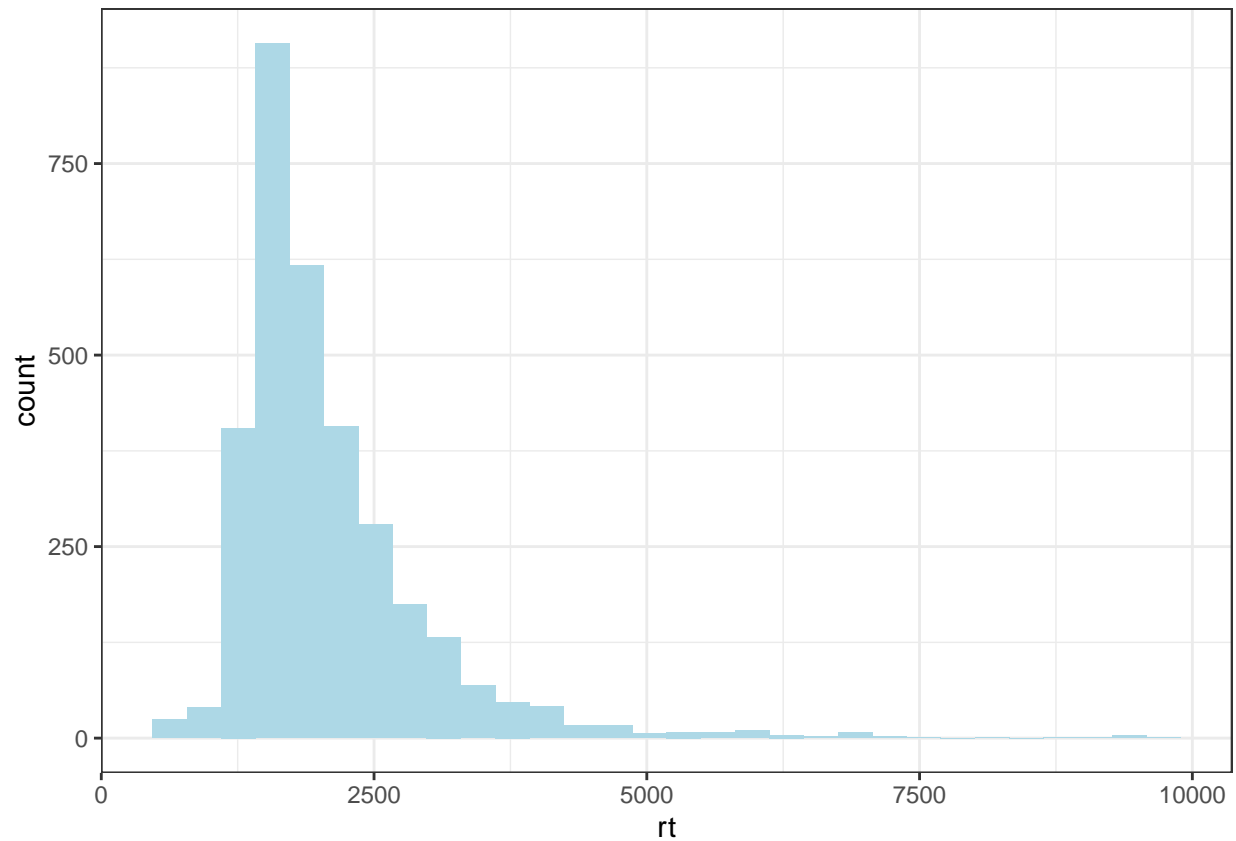

```
##  
##           color material  
##   'no'    0    81      81  
##   'yes'   0    81      81
```

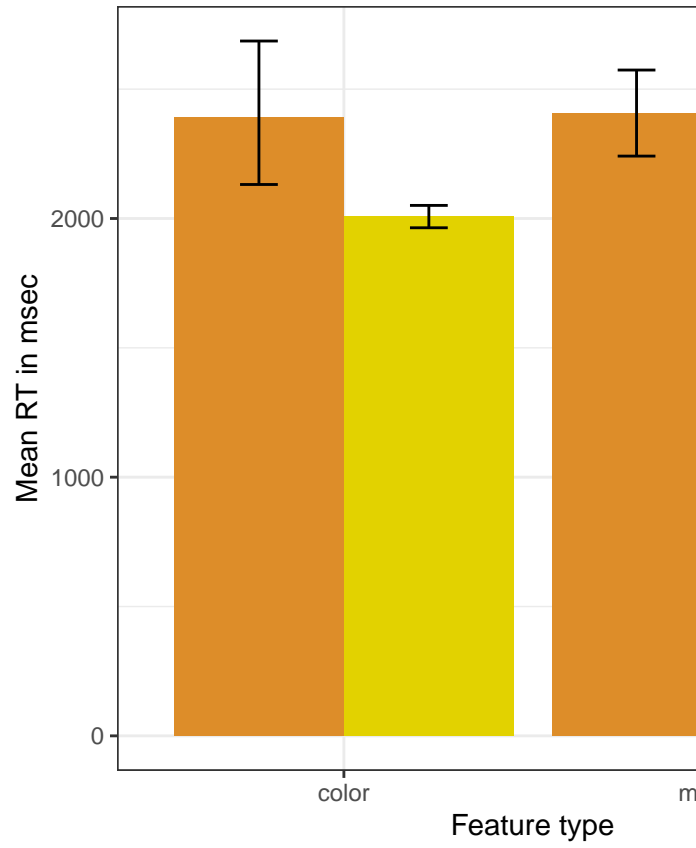

### Fastest and slowest response times

```
## [1] 530 547 555 558 560 586 590 591 608 610  
## [1] 9430 9514 9638 10512 11593 13863 16517 22654 29143 37743  
## [11] 40953 66284 71226 77544 133226
```

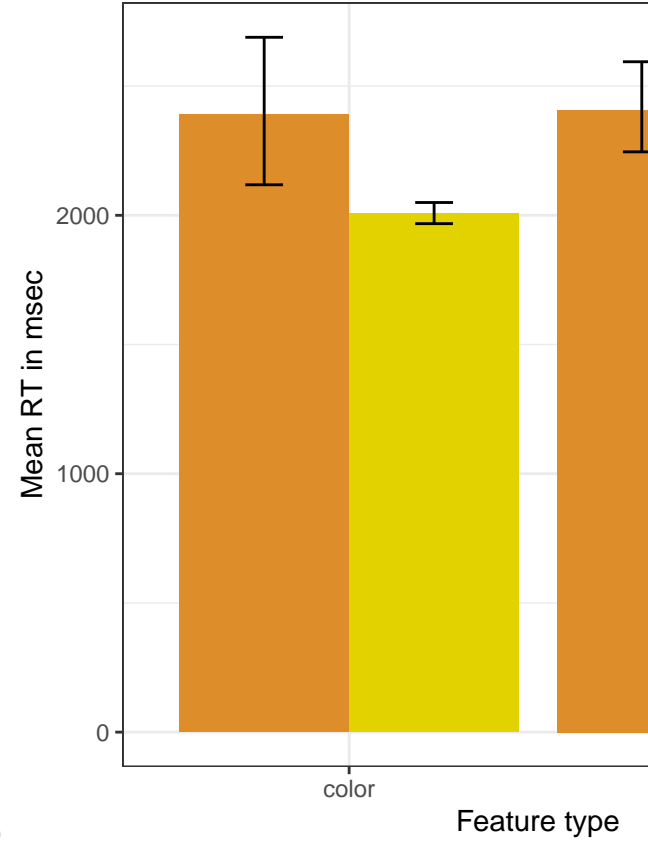

### RT distribution: (after excluding: `rt > 10000` (12 responses))

```
## `stat_bin()` using `bins = 30`. Pick better value with `binwidth`.
```

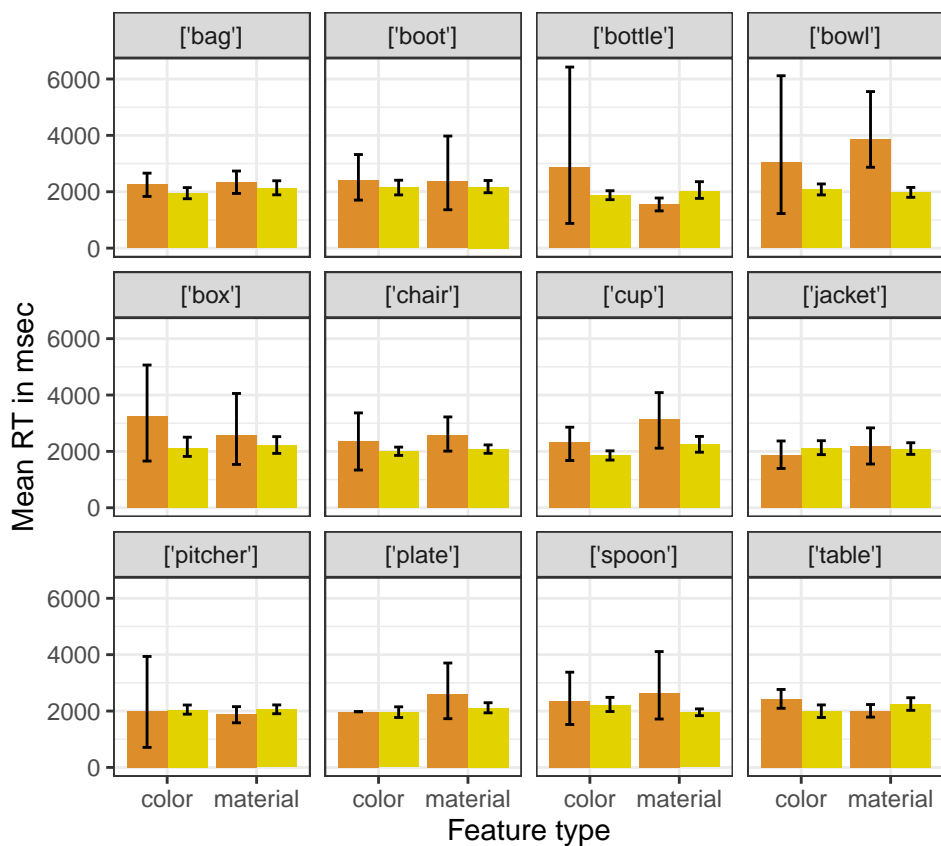

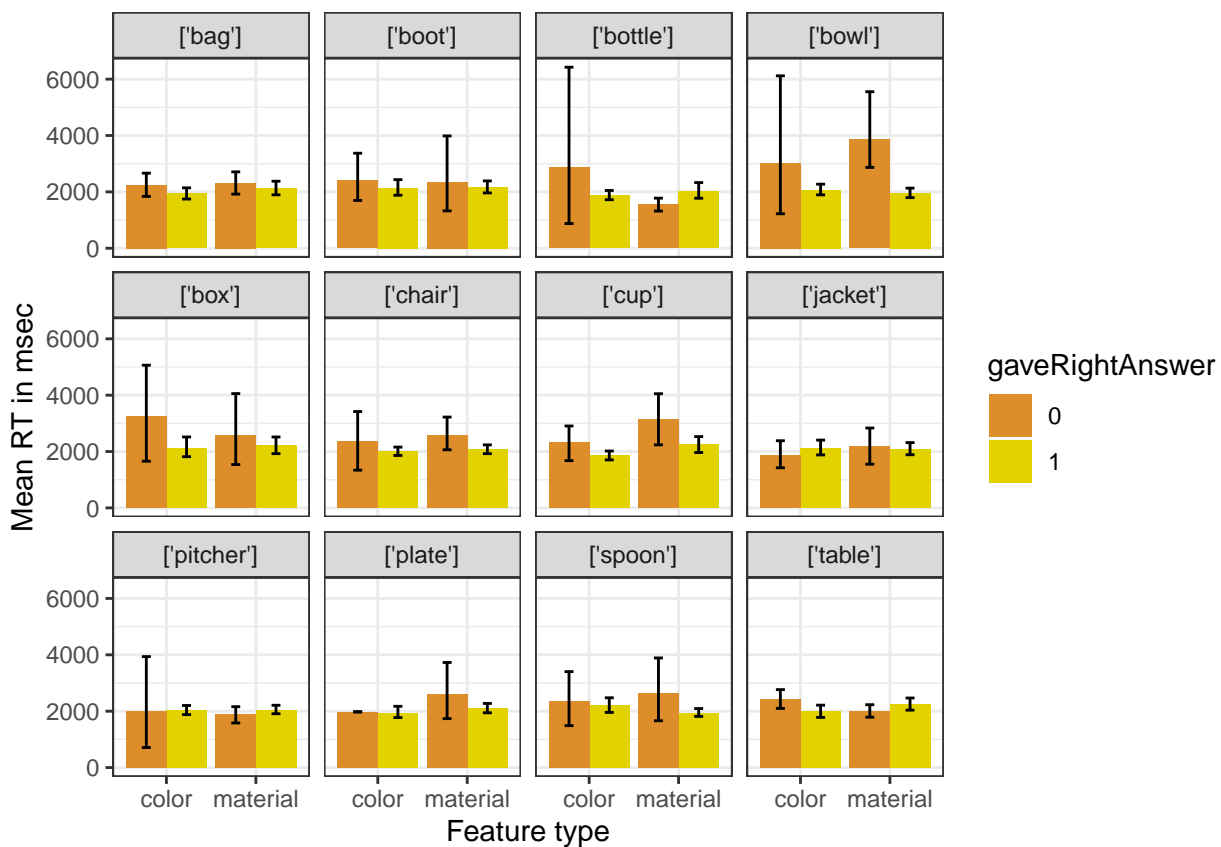

RTs to color and material features (everything collapsed)

RTs to color and material features (only expected YES cases)

By image (only expected YES cases)
